War Chest Drive Progressing

Many Leaders Report In Full

Morris Urges That All Solicitors Report Before Saturday of This Week

Collections for the United War Chest are being made in every part of Randall county this week. Several districts have reported their quota in full.

County Chairman Milton Morris hopes that all districts will finish their collections and have their reports in to him before Saturday night.

Practically all of the county workers attended the meeting Friday night at the Canyon high school auditorium. Inspirational talks were made by County Chairman Milton Morris, Col. Gowen of the Amarillo Air Field, and District Chairman Lawrence Hagy.

Every farm community was represented Friday night. Members of the Randall County Farm Victory Council accepted quotas. Chairman W. E. Bennett asked the workers to report within a week.

The first worker in Randall county to complete the canvas was S. L. Robinson of the Sunny Hill community. He received a list of 14 names Friday night and had collected contributions from every person on the list soon after noon Saturday. Several other workers have completed their work and reported to Gordon Lyons, treasurer of the War Chest drive.

The 17 participating War Agencies which are participating in this United War Chest Drive are:

USO; United Seamen's Service; War Prisoners Aid; Belgian War Relief Society; Dutch Relief Fund; French Relief Fund; Friends of Luxembourg; Greek War Relief Association; Norwegian Relief; Polish War Relief; Russian War Relief; United China Relief; United Czechoslovak Relief Fund; United Yugoslav Relief Fund; Refugee Relief Trustees; The United States Committee for the Care of European Children.

Delinquent Men Will Be Subject Military Service

Delinquent registrants under Selective Service are subject to immediate induction in the army after November 1.

Many men have formed the habit of moving from one place to another without notifying their local board of these changes in address.

When they do this they are subject to immediate induction as this is a breach in the rules of Selective Service.

Capt. W. E. Lockhart Writes of Australia

Capt. W. E. Lockhart of Alpine has written his mother from Australia. He is with the Medical Corps of the Army and sailed on the same ship with Capt. R. A. Neblett of this city.

"It is Springtime here, and the 'March' winds are blowing. The country is beautiful," stated Capt. Lockhart. He told of the horse-play on ship board when the Equator was crossed, and how much the American officers enjoyed the ceremony.

VANDERGRIF IN HOSPITAL
W. R. Vandergriff was taken to an Amarillo hospital Saturday for treatment. He is reported to be very sick.

WON GUESSING PRIZE
Mrs. Nettie Babb won a twenty-five dollar bond for guessing when the first frost would be at Dalhart this year.

Sgt. Carl W. Prichard arrived Friday to spend a 15-day furlough in the parental E. W. Prichard home. He is in the Air Corps training at Stockton, Calif.

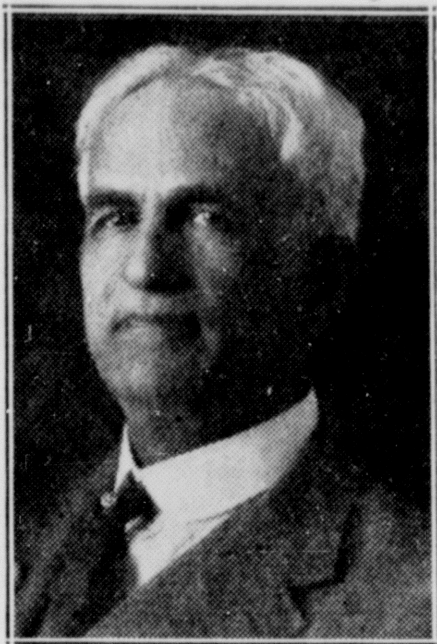

Cpl. T. Beatrice McCulston left Saturday for Windsor Lock, Conn., after spending a 15-day furlough at the parental home. She is with the WACS and enjoys the work greatly.

T/Sgt. Joe Tucek was home on a 15-day furlough from Camp Breckenridge, Ky. He is with the tank destroyer branch of service.

S/Sgt. C. L. Drummond, son of Mrs. C. L. Drummond, is here on furlough this week. He is stationed at Salina, Kansas.

Dr. S. L. Ingham Died Yesterday a. m.

Pioneer Dentist of the Panhandle Active During 37 Years in This City

DR. S. L. INGHAM

Dr. Sylvester Lyman Ingham, pioneer dentist of the Panhandle, died yesterday morning at an Amarillo hospital where he had been under treatment for two weeks. He had been in failing health for several months, but only recently was he confined to his bed.

The funeral will be held this afternoon at 4 o'clock at the Central Presbyterian Church in Amarillo, conducted by Dr. R. Thomsen. Pall bearers will be members of the Dental Association, Drs. T. B. Jones, P. W. Dodson, R. L. Rogers, F. Q. Kellum, W. B. Stevenson and W. M. Cull.

Interment will be in Llano Cemetery in charge of the Boxwell Bros. Funeral Home.

Dr. Ingham was born at Hampton, Iowa, Jan. 30, 1864. He graduated from the Dental College of the University of Iowa in 1893 and started to practice in his home town, where he continued until 1906.

On Oct. 3, 1894, he was married to Miss Ida Grimes, daughter of Dr. and Mrs. W. S. Grimes of Wapello, Iowa.

Dr. Ingham made a trip to Texas in 1906 and decided to move to Canyon. He opened his dental office here, and continued practice until a few months ago when illness caused him to retire.

He has been a very active citizen throughout the 37 years that he has lived here. He was a member of the Presbyterian Church, and assisted by Mrs. Ingham, was in charge of the music for many years. He was a great lover of music, and a splendid violinist.

He was a member of the city council in the early days and worked for many of the splendid improvements which are enjoyed here today. He served on the school board and gave freely of his time.

Dr. Ingham was a past-president of the Canyon Rotary Club, member of the Masonic Lodge, and of the Panhandle District Society of Dentists.

Surviving are: the wife and two children, Dr. George Ingham of Amarillo, and Mrs. M. R. Word of Clarendon; three grandchildren, Miss Charlotte Word, Robert Ingham Word and Millard Lyman Word.

Capt. Al Baggett Is On Way Across

Mrs. Al Baggett was here Saturday from Amarillo. She states that Captain Al Baggett sailed two weeks ago from an eastern port, and will likely land in Africa for special duty.

He has been directing the physical education program of the army in the Southwest since leaving West Texas State several months ago.

Sgt. Alvah Doak is here visiting at the home of his grandmother, Mrs. W. C. Myers. Sgt. Doak is in the Air Corps and has had many thrilling experiences in line of duty.

Cpl. Robert A. Bellah and wife of Camp Ellis, Ill., are here on furlough, at the home of Cpl. Bellah's parents, Mr. and Mrs. Alfred Bellah.

Dr. and Mrs. L. F. Sheffy returned Tuesday night from Dallas where Dr. Sheffy was in Baylor Hospital for a month for medical treatment.

Freak Weather Cold, Hot, Cold

First Freeze of the Fall Friday; Another Rain Is Missed Tuesday Night

Freak weather has prevailed this week.

The first freeze of the fall came Friday morning when the temperature sagged to 32 degrees above zero. There was considerable ice, and all vegetation was nipped.

The weather moderated Saturday and by Sunday afternoon had gone up to 90 degrees.

High winds prevailed Tuesday, and another high point of 84 degrees was reached.

Clouds gathered Tuesday night and indications were strong for a good rain. But the signs failed, and only light sprinkles developed during the night. The temperature dropped to 40 degrees.

The weather forecast is for continued low temperature today.

George B. Barnard Died Tuesday p. m. Funeral Today

George B. Barnard, 75, died Tuesday afternoon at one o'clock at the family home in Canyon. He moved here from the south part of the county four years ago after retiring from farming. He had lived in Randall county for 25 years. He was a member of the Methodist church.

The funeral will be held this afternoon at 2 o'clock at the Blackburn-Shaw Memorial Chapel in Amarillo, conducted by Rev. H. C. Smith. Interment will be in Llano Cemetery.

Surviving are the wife; three sons, Marion Barnard of Elizabeth, Colo., Ural B. Barnard of Happy, Roy Barnard of Amarillo; two daughters, Mrs. Elsie Hendricks of Castle Rock, Colo., and Mrs. Estia Shenefelt of Canyon; one sister, Mrs. Matha Suggs of Abilene; eight grandchildren.

Will Interview Men In Canyon Oct. 26 For Shipyard Work

A representative of the civil service will be in Canyon Oct. 26 to interview skilled tradesmen and laborers for the west coast navy ship yards.

Men and women not engaged in other war work are asked to meet this representative at the postoffice during this day. Transportation will be furnished to those who are accepted.

HAD TONSILS REMOVED

Charles Robert Neblett had his tonsils removed at an Amarillo hospital Monday. He is the son of Capt. and Mrs. R. A. Neblett. He was brought home Tuesday.

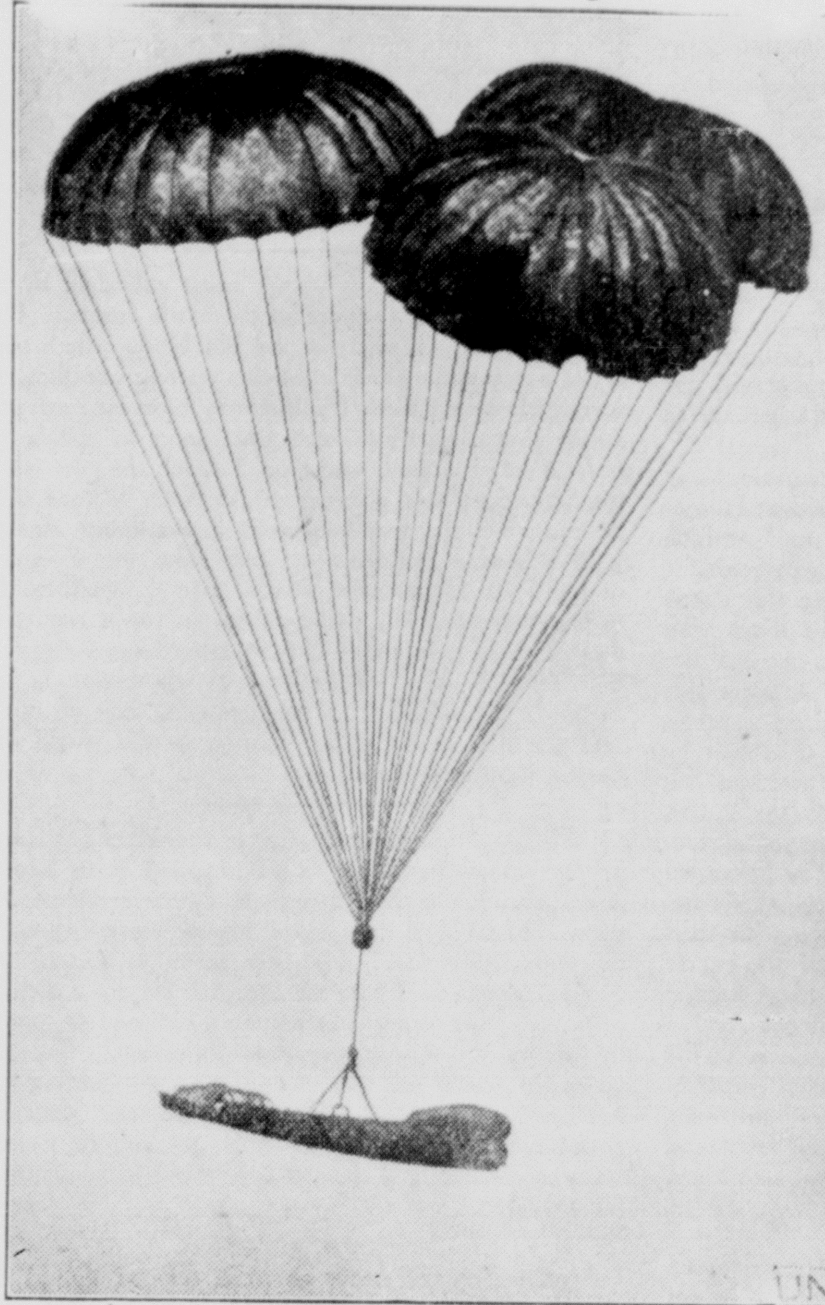

Mrs. J. A. Strain is now employed at Thompson's.

New Guinea Front

AUSTRALIANS examine damaged Zero, one of the new square-wing type, left behind on a New Guinea airstrip recently captured by Australian and American troops. A number of Zeros damaged by Allied flyers were left behind by the Japanese, who are being steadily pushed out of New Guinea bases and airfields.

Boat from Sky

LATEST RESCUE TECHNIQUE, invented by Britain's R.A.F., is to drop lifeboats from rescue planes. The boats float down by parachutes to American, British or other Allied airmen who have crashed at sea. When they clamber aboard, the men find food, supplies, and an engine which enables them to reach a home port. Many airmen already owe their lives to this ingenious craft.

All Canyon Boys Are Accounted For In Fifth Army In Italy

District Court Ended Session On Saturday

The fall session of district court came to an end Saturday. Henry S. Bishop closed the business for the session.

The grand jury was in session Thursday and returned one bill.

Capt. Vincent Lockhart Among Last Getting Word Thru; Others Have Written

It is now believed that all Canyon boys in the Fifth Army have been heard from, according to latest compilation of boys known to be in the battle for Italy.

Mrs. W. E. Lockhart received a letter Monday from her son, Captain Vincent Lockhart, that he was mighty busy. His former letters have always been addressed from "Somewhere in Africa." This latest letter is addressed from "Somewhere."

Mrs. Nancy L. McCuiston received a letter Monday from her son, T/Sgt. John S. McCuiston, who is in the 142nd Infantry. He tells nothing of the experiences of the 5th Army, but indicates that he has been having tough going.

T. M. McBroom received a letter Thursday from his son, Sgt. Oran McBroom. He is with the 5th Army, and came through the engagement in Italy safely.

Of the 12 or more Canyon boys known to be with the 5th Army, one has been reported killed in action, Cpl. Aubrey Prichard; two wounded, 1st Sgt. Curtis Ellison and Pvt. James Drummond.

Gerald A. Brown Wins Commission

Gerald A. Brown received his commission as lieutenant at Harvard Saturday.

Lieut. Brown is a graduate of West Texas State and taught in the Canyon high school. He had nearly finished work on his Ph. D. degree before entering the army. He has been assigned to work in Washington, D. C.

Mrs. Brown, the former Mary May Harrison, has been with him in the east.

STORK SPECIAL

Mr. and Mrs. Virgil Henson are the parents of a baby girl, born October 15.

A son, Robert Donald Reed, was born to Mr. and Mrs. Roy N. Reed in Amarillo, Oct. 4. The mother was the former Betty Ross Donald, formerly of Canyon.

Judy is the new daughter of Mr. and Mrs. Dan Altman at Slaton, Oct. 20. Mrs. Altman will be remembered as Billy Louise Greenfield, sister of Mrs. J. Madison Daugherty. Mr. Altman is an airplane mechanic with the armed forces in Italy.

A daughter was born to Mr. and Mrs. Oscar Parsons, Oct. 17.

School To Close For the Sign Up

All Citizens Urged to Bring Book 3, and Get Book No. 4 This Week

Registration for War Ration Book 4 will start in Randall county Friday morning at 9 o'clock. Teachers will be at the various school houses from 9 a. m. until 6 p. m. on both Friday and Saturday.

All citizens are urged to go to the nearest registration place Friday or Saturday and secure Book No. 4. Stamps in the new book will be put into use November 1.

One member of each family should register all members of the family. They must take Ration Book No. 3 for each member of the family to secure Book No. 4.

The Canyon school and West Texas State Training School will be closed Friday in order that the teachers may devote the entire day to this work. Citizens of Canyon should go to one of these places to register.

Citizens outside of Canyon may come to either school, or to any of the following school houses in the county: Umbarger, Connally, Highland Burch, Pierce, Alice Landergin, or Happy.

Students in West Texas State will register at the Registrar's office.

It is absolutely necessary that all citizens go to one of these school houses for Book No. 4 on one of these days.

Miss Lilla Clark Resigns From the W. T. S. Faculty

Miss Lilla Clark has resigned her position on the West Texas State faculty and will report to the Federal Food Administration at San Antonio as soon as her successor has been appointed.

Miss Clark has been professor of Home Economics in charge of Teacher Training since 1939.

W. F. Barnards Married 57 Years

Thursday was the 57th wedding anniversary of Mr. and Mrs. W. F. Barnard. They married in Marshall county, Alabama, and moved to Texas 55 years ago. They moved to West Texas in successive stops at Waco, Abilene, Lubbock, and then on to Randall county 18 years ago. The family lived in the south part of the county until five years ago when Mr. and Mrs. Barnard moved to Canyon.

Mr. and Mrs. Barnard have nine sons and four daughters, all of whom are living.

Mr. Barnard says that he spent the anniversary by shocking feed.

Subscriptions on Daily Newspapers May Be Stopped

News print regulations are being tightened, and daily newspapers have been called upon to refuse all new subscriptions.

The Canyon News is able to accept renewals of the Amarillo News up to the end of October. There is no guaranty that this offer will be extended, depending entirely upon OPA regulations as to print paper.

Every subscriber who wishes a daily newspaper for the coming year should make their renewals NOW. If the government cracks down and tells the newspapers not to accept further subscriptions, it is going to be too bad for those who have not renewed their subscriptions.

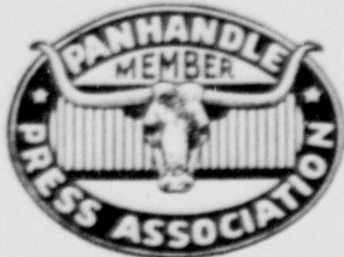

Send your check to the Canyon News for \$9.45 for this weekly newspaper and the Amarillo News before the end of October.

1944 Is Political Year

There is little question now about a red hot political year for 1944.

The Republicans will stage the first big fight of the year as the isolationists try to keep the nomination away from Willkie. But chances are that the liberal branch of the party will smother the isolationists, led by Senators Lodge and Taft. This group will not be very happy over their defeat, but will continue as obstructionists in the Senate.

The anti-4th term group of the Democratic party will find no relief within this party. President Roosevelt will be nominated if he "chooses to run"—which he no doubt has been doing for the past three years.

If the political battle is staged between the President and Willkie, anti-New Dealers and those who would like to see the government returned to the people will support Willkie. Just what the rank and file of the voters—the big majority—will do is yet to be seen. If the war is still on, the people will be afraid of a change. This is a silly position, but nevertheless a majority of the people of the nation will be afraid of making a change in leadership during the war. The chances are that the President will not live through another four years, therefore, the people should well consider a change with their eyes open, rather than be forced to swallow the candidate for Vice President whom the President names, with little or no regard to the will of the people.

Here in Texas a red hot political battle is in the offing for Governor. Governor Stevenson virtually announced for re-election last Thursday. Attorney General Gerald C. Mann announced that if he stayed in politics he would be a candidate for Governor. He blasted Stevenson, and took a firm grip on the coat of arms of the President.

Since we have been very friendly to both Stevenson and Mann, we must make a choice, which is not hard under the circumstances. Mann is an able, conscientious lawyer. But he has been independent in thought and deed in his office, and we marvel that he announces his willingness to become a rubber stamp Governor and carry water at the beck and call of Washington.

Stevenson is independent in thought and action. He has blasted the administration when he did not agree with the President, and co-operated when he did agree.

We consider the announcement of General Mann as unbecoming for as good a citizen as he is. If elected Governor he would no doubt soon see the folly of his way in announcing in advance that he would support everything that the national administration wishes. He is certainly not blind to the many faults of the administration.

Texas voters are becoming more and more independent. When we shocked the nation by voting for Hoover in opposition to Al Smith, Texans proved that they were unwilling to always wear the brass collar of Democracy. Two years ago Jimmie Allred tried to rubber stamp his way into the Senate. Independent W. Lee O'Daniel won the election.

Laborites down at Dallas announce that they are going to make a house-cleaning. They have announced a slate in opposition to local candidates, and no doubt union men over the state will follow suit. Of course union members are very much of a minority in Texas, but this shows which way the wind is blowing, and 1944 may be a hard year on the "ins." At least it is altogether likely that we shall see a revival of hot campaigns in Texas in comparison to the mild campaign year of 1942 when the "ins" had little opposition.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Strikes broke out again this week over the nation. The war program is being handicapped by the walk-outs of miners, and in many manufacturing plants. John L. Lewis is giving lip service to the government in urging the miners to return to work. With his advice, he puts the administration on the spot by promising the men that no doubt their case will be approved. As was stated some weeks ago, we are not so much opposed to the miners as we used to be. You can call John L. Lewis all of the better names you like, and we will agree 100%. But the facts remain that the miners have received little increase in pay in their dangerous work, while the administration has thrown away billions of dollars to men engaged in other war jobs. The miners have worked underground for \$35 to \$50 per week, while the administration has paid men with little or no training \$75 to \$125 per week in so-called essential war plants. Whatever trouble the nation is having with the miners today can be laid right back on the doormat of the White House, where all of the trouble started. We hope that the miners will go back to work; and then we hope they refuse to pay such high tribute to John L. Lewis in the way of excessive union dues. Lewis has no business handling millions of dollars of miners' money without accounting for it; and putting half-million dollar checks into campaign slush funds, as he did in helping President Roosevelt.

The "flying senators" were never called in by the administration for a report on the battle fronts. That is probably one reason for the hot blasts which were made against the administration's part in handling the war. However, the President may have had advance notice that Senator Lodge was going to spring the isolationist viewpoint, and would attack the part which the President was playing in the war. Since these Senators will have a vital part in legislation dealing with post-war problems, it looks like the President or the State Department would have shown them the ordinary courtesy of calling them in for a report on their findings before they had an opportunity to explode before the Senate. Regardless of whether these five Senators are qualified military experts, they do represent the highest legislative branch in the world and have a right to be heard.

We hear that Washington is considering changes in the withholding tax. One proposal is to abolish it entirely, while the other is to increase the percentage. There is still a lot of misunderstanding as to the withholding tax. The idea seems to prevail that it is another tax. Facts are that it is simply a method of paying your income tax as you go instead of having to dig up the money the year following. Business generally would be glad to see the withholding tax abolished as it would reduce bookkeeping. But the government would not be able to collect income taxes so efficiently if the tax is allowed to accumulate for a year.

Hallowe'en will soon be here. Boys should refrain from vandalism. This is a relic of the dark ages when the destruction of property was considered to be a smart thing. There is too much destruction going on in the world today. There is too much worry on the part of the citizens over the destruction of life and materials. They should not be harassed by petty larceny on the part of thoughtless boys and girls who are under the false impression that they are having a good time when destroying property. Parents and teachers should tell the children that Hallowe'en is no longer a time for destruction of property.

No army, unless it be the German army, has ever been so thoroughly trained as the men who are flying our planes, manning our guns, advancing by land and by sea under the Stars and Stripes. Our military leaders are human, and they are not spending life recklessly. Whenever one of our boys die in battle, you may rest assured that he gave his life for his country and for the cause of humanity, in line of duty which was carefully mapped out as necessary for the final destruction of the forces of hell which seeks to enslave this nation and other free nations of the earth.

The loss of 60 bombers in one day's raid over Germany is a hard blow. Americans have not yet become hardened to huge losses in battle. The loss of every American boy in battle is considered by every American family as a personal loss. We are a great nation because we have a national heart, and a kindred feeling for those in our nation who suffer. We may expect our losses of life to increase as more and more men are thrown into the battles on the various fronts.

Navy V-12 Test To Be Given November 9

The second Qualifying Test for the Army Specialized Training Program and the Navy College Program V-12 which will be given throughout the country on Tuesday, from 9 to 12, November 9, will be administered at the West Texas State Teachers College, Room 211. Mitchell Jones announced Monday. A pamphlet of general information which contains an admission-identification form may be obtained at the office of Dean of Men. This form properly filled out will admit to the test students between the ages of 17 and 21 inclusive who are recent high school graduates or who will be graduated by March 1, 1944. Intent to take the test should be made known immediately to Mitchell Jones in order that the necessary test supplies may be ordered.

The same examination will be taken by both Army and Navy candidates. The examination is designed to test the aptitude and general knowledge required for the program of college training and all qualified students are urged to take the test. At the time of the test each candidate will be given a choice of service preference, but taking the test does not obligate the candidate to enlist in the service.

The Army Specialized Training Program and the Navy College Program enable students to continue academic training at government expense following induction into the armed services. Successful completion of the prescribed courses may, following further officer training, lead to a commission in the Army or the Navy.

Those selected for the Army will, after further screening and basic military training, be sent to college. Students chosen for the Navy Program, after selection by the Office of Naval Officer Procurement, will be detailed directly to college. Students who attend college under either of the programs will be under military discipline on active duty in uniform with pay. All expenses, including tuition, food, housing, books, and uniforms will be paid by the Army or the Navy.

The test will not be given at the public school at this time, but all boys in this community may take the test at the college.

Flavoring and Gravy

Sour cream poured over the meat balls and allowed to simmer slowly for a few minutes sends a delicious tart flavor into the very center of each plump meat ball and eventually cooks down into a thick sauce, just right for serving as gravy.

BUY WAR BONDS

The Long Distance operator knows, firsthand, when the rush is heaviest and what lines are busy.

Then, if your call isn't vital, it will help if you cancel it altogether.

When you must make a Long Distance call over war-crowded circuits, the operator will say—

"PLEASE LIMIT YOUR CALL TO 5 MINUTES. OTHERS ARE WAITING"

SOUTHWESTERN BELL TELEPHONE COMPANY

How many boys from RANDALL COUNTY won't come back?

NOBODY knows the exact number. Nobody. But—The number who do come back—on their own two feet instead of in a flag-draped box—will be in EXACT PROPORTION to the job we do here at home.

For every minute that WE can help shorten the war will mean MORE lives saved. (213 Americans were killed in the final day of the last war, and 1,114 were wounded before the 11:00 o'clock Armistice too effect.)

Now one way all of us can help shorten the war is to tighten our belts and buy more War Bonds. Yes, STILL more. And . . .

If you think you're buying all the War Bonds you are able to, imagine—for a minute—that it's after the war . . .

. . . you're standing at the station . . . a bunch of hometown boys, still in uniform, climb off the train . . . one of them kisses his wife and grabs his kid in his arms . . .

. . . and then he turns to a young woman beside them, a girl who looks like his wife's sister, and you overhear him say . . .

"Catherine, I don't know how to tell you how sorry I am . . . it's such a shame about Joe . . . it makes me sick all over when I think how he'd be here today if the war had only ended a week sooner."

THINK THIS OVER. Can't you buy a few more War Bonds to help end the war that week or month sooner? Sure, it may mean giving up something, but what's that compared to what THEY'RE giving up? And remember, always—THE MONEY YOU "CAN'T SPARE" MAY SPARE A SOLDIER'S LIFE!

RATION REMINDER

Gasoline: In 17 east coast states A-6 coupons are now good. In states outside the east coast area A-8 coupons are now good.

Sugar: Stamp No. 14 good for 5 pounds through October. Stamps Nos. 15 and 16 good for 5 pounds each for home canning through October 31.

Meats, Fats—Brown stamps C, D, E and F good through October 30.

Processed Foods: Blue stamps U, V, and W expire October 20. Blue stamps X, Y and Z are good thru November 20.

HELP FARMERS COLLECT RATION POINTS

To assist farmers in sending OPA the ration points they collect from the sale of rationed foods, local rationing boards are mailing farmers the necessary reporting form, addressed envelopes, and complete instructions. Farmers who either sell or transfer rationed foods, such as sausage, lard, butter and cheese, are required to collect ration points from purchasers. The full cooperation of farmers is essential for the success of the food rationing programs, OPA said.

WARNS AGAINST HARMFUL ANTI-FREEZE

Operators of all kinds of motor vehicles have been warned by ODT against the use of harmful salt or oil preparations as radiator anti-freeze. Salt anti-freeze solutions may cause corrosion or shorting of electrical circuits.

DAIRY PAYMENT RATES

Rates of payment which will be made to farmers delivering whole milk and butterfat to offset increases in dairy feed costs since September, 1942, have been announced by WFA. The rates range from 30 to 50 cents a hundredweight on whole milk deliveries and 4 to 6 cents a pound on butterfat. They are applicable for October, November and December, 1943.

DRAFT DELINQUENCIES TO BE INDUCTED

Beginning November 1, all men 18 to 38 years of age who are subject to selective service but who are delinquent will be put into class 1-A immediately and ordered to report for induction, the Selective Service Bureau of the War Manpower Commission has stated.

USE BOOK FOUR NOVEMBER 1

Housewives will start using green stamps A, B, and C from new War Ration Book Four Monday, November 1. These stamps will be valid through December 20 and will be used for buying processed foods in the same way as the blue stamps in Book Two. The last blue stamps in Book Two, X and Y, remain good through November 20. Book Four is being distributed the latter part of October—the exact time and place being announced locally. One individual may apply for Book Four for all members of his family residing at the same address. The applicant must have a War Ration Book Three with him for each person for whom he wishes to obtain a Book Four.

RESTRICT DELIVERIES

Restrictions on all wholesale and retail deliveries ordered by the Office of Defense Transportation have gone into effect throughout the nation. The restrictions include—(1) No retail delivery of packages weighing five pounds or less or measuring 60 inches or less in length and girth combined; (2) Limitations upon the frequency of retail and wholesale deliveries of certain commodities; (3) No Sunday retail deliveries except of ice, milk or cream. Common carriers may not be used to make retail or wholesale deliveries to circumvent the order.

CIVILIAN RICE SUPPLY NORMAL

Rice will be available this year to consumers in average quantities of the past several years, but may not be adequate to meet the large demand resulting from increased buying power, the War Food Administration said recently. Under controlled distribution, however, states whose populations normally eat the most rice will get the most proportionately.

RATION TOKENS IN FEBRUARY

Ration tokens are expected to be ready for use by February. They will be red and blue and each will have a value of one point. They will be used by consumers as change for processed foods and meat-fats ration stamps. The blue tokens will be used with blue ration stamps for buying processed foods; the red tokens with the red stamps for buying foods rationed under the meat-fats program. The ration coins, made of layers of vulcanized fiber, will be slightly larger than a nickel and smaller than a quarter.

ALFALFA HAY PRODUCTS REGULATION

Prices of all alfalfa hay products are now set by Revised Maximum Price Regulation No. 456. Under the revised regulation, these products will cost somewhat more in Texas, Arkansas, Oklahoma, Tennessee, Mississippi, Utah and portions of Idaho and Oregon.

HIGHER CEILINGS ON CORN PRODUCTS

Ceiling prices on wet corn milling by-products sold as animal and poultry feeds—but chiefly as protein supplements for dairy cattle—were set recently by OPA at levels around \$7 a ton above those set by the price "freeze" as of March, 1942.

ANNOUNCE VEGETABLE PRICE CEILINGS

Ceiling prices that will prevail for 13 fresh vegetables at country shipping points have been announced by OPA and WFA. The vegetables are lima beans, snap beans, carrots,

cabbage, cauliflower, celery, cucumbers, egg plant, lettuce, green peas, peppers, spinach, and tomatoes. Maximum prices for beets, asparagus, watermelons, cantaloupes and the 1944 crop of onions are to be announced soon. Prices were announced to assist vegetable growers in completing their production plans.

MAY UP FROZEN FISH PRICES

Winter prices on many species of frozen fish have been set at the processor level by OPA. This action may mean an increase of about 10 to 15 per cent in retail frozen fish prices, but it is expected to result in greater supplies of this product.

HERRING CATCH INCREASES 130 PERCENT

Preliminary figures show an increase of 130 per cent in this year's catch of Alaska herring over the catch of 1942—one of the most impressive increases registered this year by any major American fishery—the Coordinator of Fisheries said recently. Most of the Alaska herring catch is reduced into fish meal and oil. The meal goes into poultry and other animal feeds, of which it is an important part.

ARMY CUTS BUTTER ALLOWANCE

The peacetime daily butter allowance of two ounces per soldier has been reduced to approximately 1.12 ounces per man, the War Department has reported. This includes butter used as a spread and in cooking.

POINTS NEEDED TO BUY TONGUE

Ration points are required to buy all varieties of tongue, and no types of this meat may be sold point-free, the OPA said recently, because beef "long-cut" tongue was removed from the current table of consumer point values for rationed meats. "Long-cut" beef tongue, OPA explained, is an untrimmed type which is not sold at retail.

95 PERCENT OF SOLDIERS INSURED

The National Service Life Insurance Program in the army has grown to a 65 billion dollar enterprise, providing insurance protection to more than 95 per cent of all members of the army, according to the War Department. The program was established three years ago.

SET RECORD DELIVERING "FORTH"

Crews of the Ferrying Division, Air Transport Command, Army Air Forces, have set a new record by delivering eight flying fortresses to England and returning to their home station in the United States, all within 4½ days, according to the War Department. The crews took off from four different stations in this country, some of them well inland, which added to the over-all flying distance.

OTHER AMERICAS SEND RUBBER

Tropical forests of the other Americas have yielded a rising inflow of natural rubber this year to mix with the synthetic product from new chemical factories opening in the U. S. In the first four months of 1943, rubber-producing regions of the other Americas shipped 50 per cent more rubber than in the comparable period of 1942, according to Everett C. Holt, Chief of the Commercial Research Section of the Rubber Development Corporation.

LEAVES FOR HARVEST WORK

Commanding officers of Army Service Forces Establishments have been authorized to grant vacation leave to civilian employees to assist in the fall harvest, according to the War Department. The action was taken at the request of the Director

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 24, 1918)

Those who died during the past week of the flu epidemic were: C. C. Hughes, Roy Mitchell, Miss Etta Thorpe, Mrs. Hosea Preslar, Marvin O'Keefe.

Regulations have been adopted prohibiting the gathering of groups of people in any business house or on the public square.

Virgil Brown died while en route to France on a troop transport.

County Chairman C. R. Burrow announced a quota of \$2,000 for the United War Work drive.

County Chairman C. R. Flesher announced that the Liberty Loan quota was oversubscribed by \$24,000.

Clyde Warwick sent a long letter to the News regarding his experiences with the 79th Division in the drive against the Germans. The devastation of war in France was beyond description.

New Teacher In Art Department

A new teacher in the Art Department of the college is Mrs. Hester Gates Morgan of O'Donnell, Texas. Mrs. Morgan received her B. S. in art from West Texas State College and her M. A. from the Teacher's College of Greeley, Colorado. For her thesis she did a piece of modern sculpture, using a realistic approach and taking it through the abstract.

Mrs. Morgan was teacher of art in the Amarillo Public Schools for several years. Last winter she attended the famous Art Center at Carmel, California. Her husband is an officer of the United States Army, serving somewhere overseas.

of Labor of the War Food Administration.

"MEMPHIS BELLE" GETS REPAIRS

The "Memphis Belle," battle-scarred veteran of nine months' aerial warfare over France and Germany, is now "convalescing" at an airfield in Spokane, Wash., according to the War Department. During 25 combat missions she was battered by flack and slashed by machine gun bullets. She has had nine new engines, a new right wing to replace one shot away in action, and a new tail assembly for one torn to shreds by cannon fire. This flying fortress was returned to the U. S. last June to show American people how American planes could stand up in modern warfare. Following her tour the flying fortress was assigned to a heavy bombardment group in Nebraska to help train fledgling airmen who hope soon to go overseas themselves. After a major overhaul job, the "Memphis Belle" again will be used in training airmen.

Overweight Oil makes Old Cars Older—Fast

A Light grade of oil can make good, with your engine Winter OIL-PLATED

You can change to an OIL-PLATED engine by changing to any grade of Conoco Nth motor oil—from lightest to heaviest—and you can change to any grade of Conoco Nth at the same popular price. But the lightest possible grade of oil that's fit for the Winter change your car needs now will help to save your battery—your gasoline—your engine. The more the oil is overweight the greater the wear, and when that makes you try still heavier oil you get still more wear—still more oil and gasoline consumption—worse and worse and worse. Short-circuit this ruinous process by having your engine OIL-PLATED.

OIL-PLATING is distinct from the familiar liquid type of high-strength oil film also provided by Conoco Nth oil. Both oil film and OIL-PLATING are paired against wear every mile. Every time your engine rests, however, any liquid film drains down to the crankcase. But OIL-PLATING doesn't all drain down. It tends to stay wherever attached by Conoco Nth oil's "magnet-like" action—achieved synthetically. Often now you don't use your car for days. Yet when you start, the OIL-PLATED surfaces are still ready-lubricated... "faster than instantly." That's how the former fierce wear of cold starting is reduced by OIL-PLATING your engine. All other wear, too, meets its match in your OIL-PLATED engine. Change at Your Mileage Merchant's Conoco station—today. He knows the lightest grade of Nth for you. Continental Oil Company

Dread Engine Acid Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

Urgent Call Being Made For Women To Join WACS

A plan whereby women interested in joining the Women's Army Corps may name the branch in which they wish to serve. For the first time women who wish to become an integral part of the Army may choose either the Army Ground Forces, the Army Service Forces or the Army Air Forces.

The Army Air Forces has inaugurated a nation-wide campaign to fill its quota for members under the Army Ground Forces and Army Service Forces.

During the Army Air Forces recruitment campaign, eligible women designating the Army Air Forces as a branch of their choice, will be permitted to choose the type of job for which they wish to be recommended for assignment. A list has been compiled of eighteen occupational fields embracing more than 100 Army Air Forces positions. Jobs at which WACs will be assigned include link trainer operator, radio operator, and mechanic, weather observer and control tower operator.

Among specialized jobs to which WACs will be assigned are many for which the Army Air Forces believe women are as well or better fitted than men. An increase in the efficiency of Army Air Forces posts is anticipated as a result of filling many of these jobs with qualified women.

At least half of the specialized jobs for which women are sought are clerical.

Through on the job training and experience WACs become, like other soldiers, an integral part of a smoothly functioning war machine.

WACs will be subject to overseas service as are soldiers. They will also have the same opportunities for attendance at officer's candidate school as WACs in other branches.

Mrs. Joe Gill, who teaches school at Abernathy, and daughter, Margaret Jo, spent the week end in the home of Mr. and Mrs. R. E. Gill.

Miss Ina May of Taos, N. M., visited last week in the home of her sister, Mrs. Raymond Whittington, last week.

Cpl. William E. Crabtree, who is stationed at March Field, Calif., is home this week on furlough. He is a son of Rev. and Mrs. Elmer Crabtree of Happy, and a brother of Miss Bertie Cleo Crabtree, who teaches in the high school in Canyon.

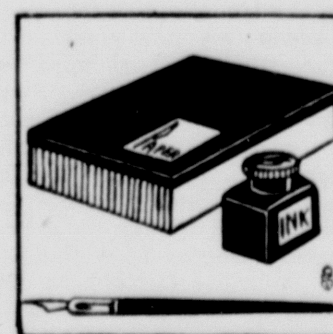

Carl Weldon Cone is now an apprentice seaman in the Naval Reserve Midshipmen's School at Notre Dame. This course leads to officer training.

Mrs. James See is visiting at the home of her sister, Mrs. C. N. Cochran. She recently returned from Nassau, Bahamas, where her husband was on construction work for several months. She saw the Duke and Duchess of Windsor many times during her stay on the island.

Mr. and Mrs. Milton Henderson and three daughters, Mr. and Mrs. Paul Henderson and daughter, all of Pampa visited in the home of Mr. and Mrs. T. W. Henderson Sunday.

Cpl. Joseph J. Sambo has been moved from Camp Polk, Ark., to Los Angeles. He is with the Medical Corps.

Mrs. J. T. Barbee, of Clovis, N. M., was in Canyon over the week end.

Cattle Brands Are Discussed Tuesday at Rotary Club

Boone McClure discussed cattle brands at the weekly luncheon of the Rotary Club Tuesday.

It was announced that Charles Duval had been named Scoutmaster for Troop No. 30.

Cattle branding dates back to 2,000 B. C., according to Mr. McClure. Cortez brought branding to America. Coronado introduced the practice into the Southwest.

Mr. McClure traced the development of brands, as to their origin, and various methods of applying the brands. Various attempts have been made to pass legislation on branding, which has been termed by reformers as barbaric. "Rewrite man" has been applied as a term to the fellows who changed brands.

A picture of the entrance of the museum building was distributed to the club, which is famous for the brands of this region which it exhibits.

Visitors were: George W. Scott, Nellie Nelson, Hosea Lewis, all of Amarillo; Bob Lindsey of Borger.

New Regulations are Set Up Granting of Old Age Assistance

Austin, Oct. 18—Johnny Winters, new executive director of the State Department of Public Welfare, announced that beginning today a new plan of computing assistance will be used. A 65-page manual of rules supplants one of 377 pages.

"The amount of a grant will be determined," Winters said, "by itemizing and totaling the cost of necessities, and deducting the income. The deficit thus found will fix the assistance granted."

Rules for valuing necessities were announced. The amount for incidentals such as bus fare, small church contributions, tobacco, stamps, stationery and similar things will be limited to \$2 a month. A limit of \$15 was set for purchase of glasses and a \$40 limit for teeth.

In future no rent will be allowed for the aged person living with a son or daughter unless the aged person's residence in the home actually increased the cost of rent.

All property in addition to a homestead is now being considered in determining eligibility, and a burial reserve is limited to \$150. Contributions made by relatives will be taken into account in computing need.

Winters said the new rules are devised to see that those with greatest need get most aid.

ARE YOU . . . ?

"I'm doing my best to hold down the rising cost of living through my pledge to buy only what I need, WHEN I need it. I never try to buy rationed goods without a stamp, for this means getting more than I am entitled to. I realize that more people are earning more money than ever before, but that some people are earning the same wages as they always have. A rising cost of living brought about by greater demand would cause these people much hardship. The government is foresighted. It has planned the rationing program and has set the top legal prices for our security now, and in the future. We are doing no more than our part when we co-operate with these programs without grumbling. We are taking personal responsibility for a sound economy for the next generation."

Ancient Journal Files Reveal Talents of Upper Classmen

Ah! Poetry is music to my ears! Fellow students, there are more poets in Canyon High School than one would ever realize. Looking back through some of the old files, one would find these rhythmic specimens that were written several years ago by some of today's upper classmen.

Switzerland
In winter snow capped mountains.
In summer the grass and trees.
Switzerland is a beautiful place
Where they have milk and cheese.

Switzerland has lots of snow.
Where people go to ski.
I would like to visit there
Would you like to go with me?
Shirley Ann Newberry, 4-A.

Wishes
I'd like to go to Switzerland.
And see the world at play;
I'd like to climb a mountain top
And pass the time away.

I'd like to watch the sunset
In the evening dew;
And sit beneath the pretty moon
When the night is new.

And then I'd like a snowy dawn,
With plenty of hot tea;
I'd buckle on my snowshoes
And ski, and ski, and ski.

Ellen Sanders, 4-A.

I Wonder If
I wonder if the fishermen think
fishing isn't fun;
I wonder if the race-horse thinks
it isn't fun to run;
I wonder if my mother thinks cook-
ing isn't play.
I wonder if it isn't fun to teach a
class all day.

But I guess I'll have to wonder all
my whole day through.
And when I'm grown and married,
will my children wonder too?
Mollie Nann Ziegler, 4-A.

And so, class mates, never say
that the students of CHS are not
talented. These are only a few of
the arts that may be found among
the many relics of the Press Club.

BACK UP OUR TEAM

Students of Canyon High!
This week marks the beginning
of the basketball season. In order
to put our team over, each and
every person enrolled in school must
do his part and show loyalty to the
team. Our Eagles are eager and
ready to go. But the question is,
"Are we ready to back them?"

Lack of enthusiasm can cause a
team to lose. With enough backing,
a team such as ours can go to the
top. It is up to us. Are we willing?
Are we behind them?

Since basketball is our only
sports highlight this year, our spirit
should be doubled, and attendance
at games should be high.

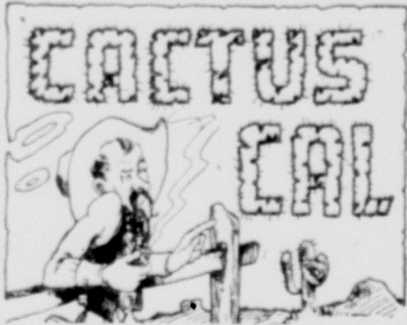

Every young American who is
now serving his country wants
sports to continue just as if nothing
had changed. Why cause our
schools to give up the very things
he is fighting for? Instead, let's get
behind what he's fighting to keep.
It is good for both his and our
moral.

So come on, students; let's go!

Classes Organize Carnival Booths

Preparation for the annual Hallowe'en Carnival and various other class problems constituted the discussion of classes as they met at the usual time Friday morning.

All groups chose candidates for Queen of Carnival and their escorts, and designated committees for carnival booths. Juniors discussed the class play and class rings, while freshmen elected Billy Davenport and Billy Harwood as alternate delegates to the Student-Faculty Congress. Many classes also acted upon the matter of class dues.

The Autumn Drift

If you're one of them people that think Spring has a funny influence on hoomans' jus' take a gander at what fall's done to the love birds; and even those pesky teachers.

For instance, when Billy Bible, (or some other sleepy senior subject) asked Mrs. K-K-K-Knott some simple question about an assignment, her witty reply was: "Be ready, for ye know not Knott."

And just imagine the noon-idlers' astonishment when J. Ray Hunter and several other nifty guys made both successful and unsuccessful attempts to ride bicycles—not forwards, not upwards, but backwards—and more often downwards!

Speaking of fall, who would have believed that Billy Jane Bonfield, our dignified (?) president of the Student-Faculty Congress, would come tripping gaily out of the Grade School, only to exhibit the wrong way to fall to a group of first-graders who were perched on the steps. Confidentially, B. J. hopes that Bob Copeland wasn't there to see this graceful episode.

In the romance department, that pulsating, heart-breakin' Crawford Rutherford has returned to the scene of action. Betty Ann Simon and Charlene Davenport are the actresses, but nobody knows which one is the heroine.

QUESTION OF THE WEEK—

How can any boy (who???) get around with Peggy Jean Head and audibly make this remark about Vernez Turner: "What is it about blondes that's so beautiful?"

As a parting reminder to kids whose grades are tumbling in this fall season, remember that: "Only famous people go down in History!"

Carnival Claims Limelight

Beauties Enter Contest

Six outstanding beauties among the rank and file of Canyon High students will enter the contest for Carnival Queen of 1943. They are, left to right: Jean Prater, freshman, Billie Turner, sophomore, Nancy

Ann Nicklaus, 8th grade, Ellen Sanders, junior, Louise Prichard, 7th grade, and Mollie Nann Ziegler, senior. Which girl will reign over the Hallowe'en Carnival will be decided by the number of one cent votes cast a week from Friday.

Musicians Launch Year's Program

Under the sponsorship of Mrs. Glenn Dowlen, the Music Department is off to a good start. While the thirty members of the senior band meet on Mondays, Wednesdays, and Thursdays from 9:30 to 10 o'clock, the twelve young members of the junior band meet on Tuesdays and Fridays from four to five. The thirty-two songsters of the chorus sing on Tuesdays and Thursdays from 10 to 11.

Although Mrs. Dowlen has planned no musical programs for the near future, she is working out an Easter cantata with the chorus.

Standley Manages Magazine Sales

Because of the need for immediate funds, the Junior Class is sponsoring the sale of magazine subscriptions for the next two weeks.

Some of the magazines for sale are Saturday Evening Post, Ladies Home Journal, Country Gentleman, Jack and Jill, Boy's Life, Cosmopolitan, Good Housekeeping, and Look. General manager and assistant manager are Don Standley and Betty Brown. Captains of the Reds are Bobby Black and Margaret Lair; of the Blues, Sandy Oliver and Sue Ann Moreman.

"Anyone who will buy their subscriptions from our class will be helping the school and bettering themselves," said Don Standley, manager.

Miss Elva Fronabarger suffered a sprained ankle recently while entering her car. She returned to her work as principal of Canyon Grade School Monday after an absence of two days.

TWAINS ORDER

Mark Twain was in a restaurant one day and found himself next to two young men who were putting on a great many airs and ordering the waiters about in a most impressive fashion. One of them gave an order, and told the waiter to inform the cook whom it was for. "Yes," said the other, "better tell him my name, too, so as to make certain of its being all right."

Mark, who disliked swaggers, called the waiter and said in a loud voice, "Bring me a dozen oysters, and whisper my name to each of them."

Meetings are on Wednesday from 4:00 to 5:00 in the grade school music room.

Instructor Visits Education Meet

While visiting in Indianapolis, Minnesota in the latter part of June, Mrs. T. W. Collins, first grade teacher, had the unexpected opportunity of attending the National Education Association meet. Among the main speakers at this meet were Mr. A. C. Flora, President, and George Strayer of Columbia University.

On her trip home, Mrs. Collins visited in a Colorado lumber mill. She also visited with friends in Oklahoma City.

"My trip proved to be very educational," said Mrs. Collins.

Armstrong Takes Religious Survey

Rev. C. C. Armstrong of the First Methodist Church of Canyon made a religious survey of this school, Friday, October 15. Its purpose was to determine the number of students in Canyon High School who are members of the Methodist Church and of other denominations. The information received will go on file and other pastors may secure it upon request.

About 550 million people inhabited the world in 1650. By 1938, total world population had increased to an estimated 2,145 million. In less than three centuries mankind has multiplied almost fourfold.

PTA Holds First Regular Meeting

Parents and teachers of the Canyon Grade School held the opening meeting of the Parent-Teachers Association Thursday, October 14, in the music room.

Mrs. Glenn Dowlen opened the program with several musical numbers, after which Mrs. R. W. Jones delivered the main address, "A Normal Home Life."

Mrs. R. C. Hillier invited all women who are interested to come to her home at 1208 8th Avenue for the first meeting of the Study Group.

Following the business meeting refreshments of sandwiches, pie, and coffee were served from a table decorated with fall flowers.

FFA Wants Brown; Brown Gets Red

"My, what a pretty, fiery red!" "Yes, and it goes all the way back to her ears!"

Such was the case when Betty Brown, escorted by Richmond Hales, was elected Sweetheart of the F. F. A. at their meeting Friday.

After passing the inspection given her by these boys, Betty deserved the loud applause she received.

Boy, was the blushing in order!

Spanish I Begins Year's Program

Starting this year's Spanish activities, Spanish I organized its club. Officers were elected and meeting times were decided upon.

Officers elected were: president, Peggy Head; vice-president, Sandy Oliver; secretary, Margaret Lair; treasurer, Sue Ann Moreman; program chairman, Frances Harp; social chairman, Donna Aardal.

Monday mornings are the times the organization decided to hold its meetings. At these meetings Spanish will be spoken and other things of interest about our neighbors to the south will be featured. Socials of "below the border" nature will be planned and carried out by the group.

Plans for the club's carnival activities were left up to a committee appointed by the president.

Mrs. Dan Sanders is sponsor of the club and other members are Grace Boyd, Louise Dickerson, Nadine Sterling, Vergie Haines, Louise Tuck, Charles Wright, Billy Harwood, Mary Nell Morris, Billy Davenport, Peggy Harding, Billy Ponder, Donna Quinn, Nadine Sterling and Zanelle Gregg.

VIEWPOINT

He had taken pains, when he applied for work, to assure the farmer that he never got tired. When his new employer went to the field where he had put the man to work, he found him lolling on his back under a tree.

"What does this mean?" asked the farmer. "I thought you were a man who never got tired?"

"I don't," said the hired man, calmly. "This doesn't tire me."

War Holidays Herald Fewer 'Play' Days

Rah! Rah! Three cheers for Santa Claus! Hooray for the old Turkey Gobbler!

Canyon Public School students will enjoy Christmas and Thanksgiving holidays with minds unburdened by school duties!

Instead of a holiday on Armistice Day, November 11, the American Legion will present a special program to the student body.

Since April 1 will fall on Saturday, there will be no opportunity for the students to chastise their teachers.

School will close Saturday, June 3.

This is not a sport, but it is patriotic. The boys riding home at noon seem to have a few passengers. These moochers number from one to three or four or more, but that doesn't seem to make much difference to the owner. Keep it up kids, that's one way of aiding in the war effort!

Rah! Rah! Pass That Pigskin!

Monday was the beginning of the Canyon High School football intramurals. The junior team overwhelmed the 7th grade opponents 6-0. Next two teams to play are the 8th and 9th. Later the 10th will test their luck against the seniors. For further scores and matches, watch this column.

After this next week the Canyon Eagles' basketball club will play some unofficial games with the exes. Be looking for the score.

Lair Investigates FFA Projects

As district president of the Future Farmers of America, James Lair journeyed to Happy Friday to inspect the projects of the F. F. A. boys there. Accompanying him on the trip were Mr. W. G. Sanderson, district advisor, and Willard Spiser, area president. This group plans to make several other trips during the year, some of which will be to Friona, Bovina, Farwell, and Hereford.

A carnival booth and a date for the annual initiation service for the Green Hands were decided upon in a meeting of the local chapter.

Classes Prepare Various Booths

Queen Coronation Will Be Carnival's Final Feature

Beginning a full night of fun and hilarity, the annual Parent-Teachers Association Hallowe'en Carnival will open its festivities at 7:30 o'clock, October 29.

Classes Choose Candidates

As is traditional, the press club will sponsor the crowning of the queen. Classes chose their representatives in class meetings last Friday. Senior candidate, Mollie Nann Ziegler, has selected Lindsey Taylor for her escort. Ellen Sanders, as junior nominee will be escorted by James Lair; and Billie Turner, sophomore favorite, selected Ray MacDonald.

Ridings Sloan will escort Jean Prater, freshman candidate. Eighth grade representative, Nancy Ann Nicklaus, chose Austell Burrus; and Louise Prichard, as seventh grade nominee, will be escorted by James Inman.

Grades Sponsor Booths

Continuing the precedent set last year, grade school students will attend booths along with high school classes. Hamburgers and soda pop will furnish refreshment for famished patrons. The American Legion will sponsor this sale.

Voting for the queens will close at 9:45, and 15 minutes later in the high school auditorium the victorious candidate will be crowned.

Feature Will End Carnival

Directly following the coronation, a surprise feature in honor of the queen and her attendants will end the carnival.

"This year's carnival will be bigger and better than ever. We hope to furnish wholesome entertainment for all who will attend. As is customary, net proceeds will be equally divided between high school and grade school P. T. A.'s," said Supt. J. B. Speer.

Hallowe'en To Be Celebrated W. T.

Dancing, Skating, and Games from 9:00 P. M. Until 11:30 P. M. Thursday

Under the sponsorship of the promotion committee of the college, the All-School Hallowe'en Frolic will be staged on the college campus on Thursday night, October 28, from 9:00 to 11:30. All students, all members of the 350th Army Air Corps Detachment, and all of the college faculty will be eligible to attend. In addition to these, the citizens of Canyon are urged to attend and to meet as many of the army personnel as possible.

Order of Events

Beginning in the Administration Auditorium at 9:00 there will be an hour program consisting of music furnished by the college band under direction of Mr. Newman, and amateur numbers presented by student groups and aviation students.

Beginning at 10:00 in the Burton Gymnasium will be free skating for the students of the college and the aviation students. This part of the program will be under the supervision of Dr. A. K. Knott, faculty sponsor of the Student Christian Association. The S. C. A. owns the skates and has made this part of the program possible by furnishing the skates free for the occasion. A specialty feature of this part of the program is a comic basketball game to be staged between members of the college faculty and the army officers. Coach W. W. Nicklaus has consented to arrange this event and to coach the faculty team. First Lt. Manly D. Ballard is assuming the responsibility of whipping an army team into shape for this event.

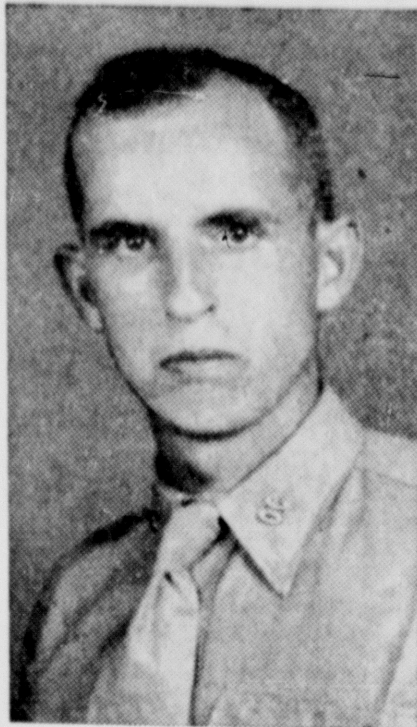

In the Education Building Auditorium, will be a free picture show presented all evening. This program will consist of shorts and comedies. It will begin at 10:00. Each program will run approximately thirty minutes.

In the Women's Gymnasium in the Administration Building, Mrs. Oma Ford and Mr. Haggard will conduct a carnival. Early reports indicate that Bingo, Chunking milk bottles, and such events will be available for the customers here. Admittance will be free, but participation in games will have nominal fees to pay for the prizes that will be given. This will be the only event that cost anybody anything.

Ballroom dancing will be held in the ballroom of Cousins Hall. This program, under the direction of Mrs. Geraldine Green, will likewise begin at 10:00 and will run until 11:30.

This program is following the

Davis and Thomas Are Lieutenants In Marine Corps

Two members of the graduating class of '43 have already received their commissions as second lieutenants in the United States Marines. Both were from Randall county.

They are Ralph George Davis, Jr. of Wichita Falls, and John Henry Thomas of Higgins.

Ralph will be remembered as manager of the Buffaloes and also a member of the Buffalo T Club and Who's Who.

Johnnie played football while a student here, and was president of the Buffalo T Club.

Both received their commissions on October 6 after successfully completing the rugged officer training course at the Marine Corps School at Quantico, Virginia. Their first eight weeks of training were spent in Parris Island, South Carolina. The last six weeks were spent at Quantico, Virginia.

The new lieutenants will now begin a two-month advanced course at Quantico, before being assigned to lead Marines in battle. Their commissions were awarded at the Leatherneck school.

I GIVE YOU TEXAS

by BOYCE HOUSE

I have no liking for rattlesnakes—but I can see their point-of-view.

One thing that could be rationed without any inconvenience to me is alleged "news" about the frequent divorces and marriages of that millionaire no-good Manville. In fact, all his doings could be left out of the public prints entirely, and no loss. We have things more important to think about. Besides, there's a paper shortage.

After seeing all the front page space devoted in some of the metropolitan dailies to the domestic difficulties of the former heavyweight champion, it is refreshing to pick up a typical home town newspaper, such as this, and read the wholesome news about worthwhile Texas people who are doing clean, worthy things. One city editor tried to defend himself by saying that it wasn't he but the Dempseys who did the things chronicled. Maybe so, but he didn't have to print the stuff.

A story from the other World War:

About to serve as sentry for the first time, a colored soldier was being instructed by his lieutenant: "If you see anything move, you challenge and then you shoot; do you understand?" Sam replied, "Yas, suh, and vice versa." The officer asked, "What do you mean by vice versa?" The darkey answered, "If something moves, I shoots; if something shoots, I moves."

For some time, I've been intending to express my opinion of that so-called news commentator in the North who wrote a slur on the young ladies belonging to the WAC. He reflected upon their honor and the result was that enlistments slowed down. That is what Hitler likes to see. The rat who wrote the slander on American womanhood had already been handed an Iron Cross by the President in recognition of previous service that he had rendered against the United States and for the Axis.

100 OCTANE GASOLINE

Adds 5th engine to every 4-engine bomber

ROUND-THE-CLOCK AIR RAIDS over Germany and South Pacific... Every time you read this headline in your newspaper, remember that United Nations war planes are vastly improved war weapons because their tanks are filled with 100 octane gasoline from the United States.

To say that this super-fuel is equivalent to a fifth engine in every four-engine bomber is actually understating the facts! Compared with German aviation fuel of 87 octane, it improves performance more than 25 per cent.

Long peacetime research for new and better things from petroleum gases, as well as from petroleum, prepared Phillips for an important role in wartime production. Phillips Petroleum

Company was among the first to take 100 octane gasoline... as well as butadiene for synthetic rubber... out of the laboratory and into mass production.

Twenty-four hours a day, our best efforts are devoted to the production of these and other synthetic chemicals which will bring closer that great day when once again you can say "Fill 'er up"... and the service man will crank into your tank a new and improved Phillips gasoline.

Until then, every time you see the Phillips 66 Shield, let it remind you that Phillips refineries in addition to producing gasolines, lubricants, fuel oils, are also gigantic chemical plants pouring out weapons for victory.
